1-3-2012

PURPOSE AND USE

The Level of Care Rate Table lists current monthly and per diem amounts that DYFS pays for the provision of care for its approved resource family homes. These tables include acuity rates for the different age categories.

Rates are based on: 1. Level of Care 2. Age of Child 3. Child's Acuity Level Both the level of care rates and clothing payments are issued in one check but the specific amounts of the level of care and clothing payments are indicated separately on the check stub. The Table is revised periodically to reflect changes in the level of care rates.
